

SONOMA, OCT. 2, 1886.

## CITY OFFICIAL PAPER.

Hereafter obituaries, funeral notices, tributes of respect, etc., will be charged for at the rate of 10 cents per line.

## LOCAL BREVITIES.

The quail law was out yesterday. The Board of Supervisors meet Monday.

There was a slight sprinkle of rain last Thursday morning.

The City Dads hold their regular meeting Wednesday evening.

Several of the band boys have purchased fine silver instruments.

To Loan—\$1,300 on Real Estate at 8 per cent per annum. Office.

Wm. Martin of San Francisco is visiting his mother, Mrs. Jas. Martin.

Mrs. C. H. Ward, who has been very ill for the past few weeks, is slowly convalescing.

Fred. Duhring, Jr., returned to the University to resume his studies.

Tom Beggs, mine host of the American Hotel, Petaluma, paid Sonoma a flying visit Wednesday.

The Napa road between town and Green Oaks vineyard is badly cut up in places and needs the attention of the roadmaster.

The ladies of the Congregational Church intend holding their annual social, lasting two days, in the early part of November.

F. Duhring will commence the erection of a stone storeroom alongside his store in a few days. The rock is already on the ground.

S. H. Mauzy has a full stock of the latest style gents hats, millinery and fancy goods, besides his large stock of roots and shoes.

A new bedstead and top mattress for \$4, at Badger's Agua Caliente Store. All furniture very cheap.

Staple groceries still cheaper, best hard goods.

The Union Hotel is becoming quite a resort for city visitors to Sonoma. The fame of this hotel is becoming well known to travelers and pleasure seekers.

John Dominich is erecting a wine-cellar at Vineyard station. Its dimensions will be 22x32. It will be completed in time for this year's vintage.

H. C. Manuel has lying along side the railroad track at this place and at Eubank, awaiting shipment to San Francisco, about 250,000 worth of living blocks.

J. U. Waters, an old resident of this place, was suddenly stricken with paralysis, last Sunday afternoon. Although his right side is affected from the knee up, he is able to be up and about.

The property of A. G. Gattie on Spain street, consisting of a lot 12x200, together with the improvements thereon, will be sold at public auction next Saturday. See advertisement in another column.

Mr. G. W. Waltz, General Agent Freight Department, Union Pacific Railway, San Francisco, Cal., says: "I have derived much benefit from the use of R. D. Star Cough Cure in cases of coughs and colds." No opiates.

The first of a series of open air concerts was given by the brass band last Saturday evening and was well rendered. We would suggest to the boys that if the concerts were given half an hour later it would enable more people to attend.

M. K. Cady of Agua Caliente offers for sale at a bargain a pure bred registered Jersey bull, three years old, also a thoroughbred Berkshire boar two years old. These animals are both splendid specimens of their kind, and are bred from the very choicest imported stock. They can be seen on the premises.

Wm. Travis, a farmer of Napa county and at one time a resident of Sonoma, was in town this week. This is the first visit Mr. Travis has made to his old stamping ground in twenty years. He says if the contemplated railroad between Santa Rosa and Napa Junction is built he will make Sonoma Valley his home again.

John Kennedy, who has the contract for building the water works to supply the residence and grounds of the Buena Vista ranch, is working a night and day force. At present he is engaged in constructing a reservoir in the creek back of his house, which will be of solid masonry. When finished, these works will be the largest and most substantial of the kind in the Sonoma Valley.

The Agua Caliente Springs Hotel, having been enlarged and refurnished is now one of the most elegant and attractive summer and winter resorts on the coast. Visitors will find the house supplied with every modern convenience, and no pains will be spared to make their stay pleasant and comfortable. Prices to correspond with the dull times.

Jack Conner, the man who was stabbed in the back several weeks ago by a man named Matheson, and who has been a guest at the County Hospital since he received the injury, was perambulating our streets last Thursday. He got around pretty lively, too, for a man whom the Santa Rosa sawbones predicted would never have the use of his lower limbs again. There is not the least perceptible lameness in his walk and he is as firm on his pins as any man.

## THE CITY TRUSTEES.

## They Declare War Against Delinquent License Payers.

A special meeting of the City Trustees was held on Saturday evening last, with President Harasathy in the Chair and Trustees McHarvey, Wegner, Manuel and Clerk McDonnell present.

A communication from Attorney M. Whallen to Recorder F. Breitenbach, regarding the validity of the license ordinance, was read, whereupon it was moved and seconded that the City Marshal be instructed and empowered to employ as counsel Gen. Whallen, and that he immediately institute suit against James McMacken to recover back license due the city and which he has refused to pay.

It was further moved and seconded that the amount of \$20 be appropriated to pay counsel fees in the Recorder's Court and if tried in the Superior Court \$50 or less to be applied for the same purpose.

It was further moved and seconded that the Clerk notify all persons subject to license to show cause at the next regular meeting of the Board why suit should not be commenced against them. Carried.

There being no other business the Board adjourned.

## Lost and Found.

On Sunday afternoon last, while G. Knopf and family were waiting for the train at Vineyard station to carry them home their little boy, aged about three years, strayed off.

During the excitement and bustle of boarding the train the parents became separated, and each thinking the other had the child they were totally unaware of its disappearance. What was their horror upon meeting after the train started to discover that the little boy had been left behind.

The cars had proceeded several miles before the loss was discovered. The conductor was notified and when Shellville was reached the father alighted and proceeded back on foot to Vineyard station, but the place was deserted and no child to be seen.

With sinking heart he walked on to this place and upon entering the Union Hotel he heard the innocent prattle of the little fellow, who was soon restored to his arms.

It appears that A. J. Hanstert found the wail wandering aimlessly about the station some little time after the cars steamed out and taking him in his baggy brought him to town and left him in Mr. and Mrs. Ruschen's care.

On the following morning father and child returned to the city. Who can picture the joy of the mother at the safe return of her child?

## Large Quinces.

J. H. Martens has placed on our table four mammoth quinces, the largest of which measures 14 inches one way and 13 inches the other.

The remaining three average 13x13 inches. These quinces were grown on Mr. Martens' place one mile south of town and are but an average sample of this year's yield, and go to show what the soil and climate of Sonoma Valley is capable of doing.

## Open Air Concerts.

The Sonoma brass band have changed the day for holding their out-door concerts and hereafter they will be held on Wednesday evenings at the same time and place as last week. Following is the program for next Wednesday evening:

1—March, "Boccaccio".....F. Von Puppe  
2—Schubert's, "Slightly on the March".....A. G. Sand  
3—Waltz, "Patriotic".....F. Zick  
4—Polka, "Hilfshdy".....Hare  
5—Lancers, "Mister Good".....L. von der Meiden  
6—Gigue, "Arzitation".....Bovmann

## Salaries of County Officers.

The office of Sheriff is one of the fattest in the county. That official receives \$7,800 and mileage. Then comes the Auditor and Recorder, with \$5,500; County Clerk, \$5,500; Assessor, \$3,400 and 15 per cent on poll taxes and 6 per cent on personal property taxes collected; District Attorney, \$3,500; Treasurer, \$2,400; Superintendent Public Schools, \$1,800. The Coroner and Public Administrator, and Surveyor receive fees.

## COUNTY POLITICAL NOTES.

The Democrats of Santa Rosa have organized a campaign club.

Chuck Burger, Democratic candidate for Sheriff, came over from Santa Rosa Thursday.

The Santa Rosa Republicans organized a Swift and Waterman club on Saturday evening last.

A. P. Moore, Democratic candidate for Auditor and Recorder, and at present Sonoma's under Sheriff, was in town Wednesday and Thursday.

J. F. Mulgrave, County Clerk, and candidate for re-election on the Democratic ticket, came down from Santa Rosa Wednesday and returned Thursday.

A delegation of Republican county candidates "swooped" down upon Sonoma last Thursday evening and captured the town. The party consisted of N. King, candidate for Assessor; Harry Brown, nominee for Clerk; C. S. Farquar, District Attorney; Geo. A. Tupper, Treasurer; J. F. Naughton, Auditor and Recorder; and Ed. Colgan, Sheriff. They remained over night and the greater part of next day when they returned to their respective homes with light hearts and lighter purses.

## A Productive Vineyard.

Situated four miles to the eastward of Sonoma is the Green Oaks vineyard and wine-cellar, the property of Thos. S. Glaister.

The vineyard, consisting of 150 acres of choice bearing vines, has produced a splendid crop this season. Twenty acres in Chasselas will average 64 tons to the acre.

These twenty acres have produced in the last three running years twenty tons per acre. The balance of the vineyard, consisting of Malvoisies, Rose of Peru and other varieties will produce over five tons to the acre.

Looking down on the vineyard from an elevated point of the same, the vines, which have been pruned so as to produce very little wood, seem one mass of grapes, particularly the Chasselas.

Mr. Glaister, in order to get the requisite percentage of sugar to insure the making of good wine, has delayed the picking of his grapes, but will commence next week.

One of the late improvements on the place is the addition to his cellarage, which now brings it up to a capacity of 100,000 gallons. Here can be found white, red and sweet wines in all their native purity, and as Mr. Glaister is very painstaking in everything that contributes to success in wine-making he has little or no trouble in disposing of his vintage at fair prices.

Green Oaks is a model vineyard, and at this season of the year it presents a grand sight as the eye wanders over its acres upon acres of well trained vines and rests on the crimson colored Tokay, the amber of the Muscatel, and the more somber shades of the Rose of Peru and Malvoisies.

## Large Shipment of Quinces.

Robert Howe of Eden Dale, Sonoma Valley, who has one of the largest quince orchards in the State, if not in the world, made a shipment of two car-loads of 500 boxes each of the fruit to New York and St. Louis, one day last week.

This week another shipment was made—one car-load going to Denver and the other to Chicago. Had we direct shipping facilities east, Mr. Howe says he would be enabled to ship a dozen car-loads every season, where he now ships four.

A saving of \$36 on each car-load would also be effected by an uninterrupted eastern connection and heavy shipments of other fruits could also be made, which the excessive cost of handling two or three times now makes impossible.

In view of these facts our farmers should give every encouragement in their power to any railroad project that will remove the shipping disadvantages which they now labor under.

## Death of R. L. Greathouse.

(Santa Rosa Republican.)

A telegram received in this city Wednesday afternoon announced the death of Robt. L. Greathouse, in San Francisco at 11 o'clock Tuesday evening.

This will be sad news to his friends and former companions in Santa Rosa. Bob, as he was always called, was one of the most popular young men in Santa Rosa, and was well known by every one.

His father was for years agent for Wells, Fargo & Co. in this city, and some time after his death, Robert succeeded as agent.

He managed the office in a satisfactory and efficient manner, gaining many friends by his genial and accommodating ways.

Robt. Greathouse never had an enemy, for it was not his nature to incur the enmity of anyone. He was respected and loved by all who knew him.

He was a member of the Santa Rosa Lodge, Knights of Pythias. No information regarding the cause of his death or his burial has been received.

## Everything Goes Wrong.

In the body mechanism when the liver gets out of order, constipation, dyspepsia, catarrh of the stomach, indigestion, simulation, are certain to ensue. But it is easy to prevent these consequences, and remove their cause, by a course of Hostetter's Stomach Bitters, which stimulates the biliary organ and regulates its action.

The direct result is a disappearance of the pains behind the ribs and through the shoulder blade, the nausea, headache, yellowness of the skin, furred look of the tongue, and general odor of the breath, which characterize liver complaint. Sound digestion and a regular habit of body are blessings also secured by the use of this celebrated restorative of health, which imparts a degree of vigor to the body which is its best guarantee of safety from malarial epidemics. Nerve weakness and depression are relieved by it, and it improves both appetite and sleep.
